Teacher Comments Trimester 1

It has been a pleasure to have Mikhaila's compassion, positivity, and motivation in class. Mikhaila continues to participate in small group, daily math instruction with Mrs. Leitch. She has also started working with Miss Ojeda in a small-group to focus on reading skills such as comprehension and fluency. Although I do appreciate that she is reflective of her work and comfortable asking questions, I encourage Mikhaila to challenge herself to try things on her own first before asking questions. She has made so much growth this year and I look forward to seeing all of Mikhaila's accomplishments the rest of the school year!

Mikhaila has grown so much this year! I appreciate her positive attitude and motivation to do well. I love how engaged she is in class and that she is comfortable asking questions. Mikhaila is approaching grade level in reading, although she has shown a lot of growth this year. Please make sure she is reading nightly. We are working in class on identifying the main idea and developing deeper comprehension skills. I am very impressed with Mikhaila's growth in her writing skills.
