## Homeroom Teacher Comments

### Trimester 1

Mikhaila is a kind and hard working student. I appreciate her eagerness to learn. I am proud of the work she accomplishes on her own in a one-on-one setting as I can see growth and independent abilities. Unfortunately, Mikhaila is not always in a one-on-one setting, so we are working on adapting to bigger class sizes. I appreciate that she asks thoughtful questions and lets me know when she doesn't understand something. Please continue to do Reflex or flashcards every night; it is imperative that she memorizes math facts as it will make math concepts easier to

### Trimester 2

Please see attached comment.

### Trimester 3

I have loved having Mikhaila in my class and having the opportunity to watch her grow this year. She is such a kind and hardworking young lady. I am especially proud of her recent STAR reading and math scores! I have enjoyed watching her grow academically and socially this school year and I cannot wait to continue to watch her grow throughout her junior high years. Mikhaila is approaching grade level in reading. Please review the Summer Review folder on Google Classroom and continue to read over the summer!
